SUMMARY:

AI Engineer with 4+ years of experience in developing AI and machine learning solutions using Python, SQL, NLP, LangChain, and FastAPI. Skilled in building scalable AI applications, REST APIs, vector databases, and cloud-based deployments. Strong problem-solving, communication, and collaboration skills with a focus on delivering production-ready AI solutions.

EDUCATION: MSC – Data Science

EXPERIENCE: AI Engineer | TechNova | Hyderabad, India | Jun 2021- Present

- *Developed and deployed AI-powered applications using Python, SQL, FastAPI, and LangChain.

- * Built RAG-based solutions and integrated vector databases to improve information retrieval and response accuracy.

- * Designed and consumed REST APIs, containerized applications using Docker, and collaborated with cross-functional teams to deliver scalable AI solutions.

- * Optimized machine learning models, performed prompt engineering, and maintained code using Git while following industry best practices.

TECHNICAL SKILLS:

Programming Languages: Python, SQL, JavaScript

AI/ML: Machine Learning, Deep Learning, NLP, LangChain, Prompt Engineering

Frameworks: FastAPI, Flask

Databases: MySQL, ChromaDB, FAISS

Tools: Git, Docker, VS Code, Jupyter Notebook

Cloud: AWS

Others: REST APIs, Linux

PROJECTS:

AI Resume Screening System:

- * Developed an AI-powered resume screening application using Python, LangChain, and FastAPI to extract candidate information from resumes.
- * Implemented job description matching to calculate candidate match scores and identify missing skills using NLP techniques.
- * Automated candidate shortlisting and generated structured outputs to streamline the recruitment process.

RAG Based Document Question Answering Chatbot:

- * Built a Retrieval-Augmented Generation (RAG) chatbot using LangChain, ChromaDB, and Gemini API for accurate document-based question answering.
- * Developed a document processing pipeline to extract, index, and retrieve information from PDF documents efficiently.
- * Designed a user-friendly interface and optimized prompt engineering to improve response quality and retrieval accuracy.

CERTIFICATIONS:

- * Microsoft Certified: Azure AI Fundamentals (AI-900)
- * Google Professional Machine Learning Engineer
- * AWS Certified Cloud Practitioner

SOFT SKILLS:

- *Problem Solving
- *Communication
- *Team Collaboration
- *Critical Thinking
- *Time Management

LANGUAGES:

English,Hindi,Telugu
