SUMMARY:

AI Engineer with 3+ years of experience in developing AI and machine learning applications using Python, SQL, Machine Learning, NLP, and FastAPI. Experienced in building REST APIs and AI-powered solutions with strong analytical and problem-solving skills. Passionate about developing scalable applications and collaborating with cross-functional teams

EDUCATION: MSC – Data Science & Analytics

EXPERIENCE: AI Engineer | Innovate Tech | Bengaluru, India | Jul 2022- Present

- * Developed AI and machine learning applications using Python, SQL, and FastAPI to automate business processes.
- * Designed NLP-based solutions for document processing and text analysis using LangChain.
- * Built REST APIs and collaborated with development teams to deploy scalable AI applications.
- * Improved application performance through code optimization and model evaluation.

TECHNICAL SKILLS:

Programming Languages: Python, SQL

AI/ML: Machine Learning, Natural Language Processing (NLP), LangChain

Frameworks: FastAPI

Databases: MySQL

Tools: Git, VS Code, Jupyter Notebook

Others: REST APIs, Linux

PROJECTS:

AI Document Processing System:

- * Developed an AI-based document processing application using Python and NLP to extract structured information from documents.

- * Integrated FastAPI to provide REST API services for document analysis.

- * Improved document processing accuracy using machine learning techniques.

Customer Support Chatbot:

- * Built an AI chatbot using LangChain and Python to answer customer queries.

- * Implemented natural language understanding for improved response quality.

- * Integrated the chatbot with REST APIs for seamless communication.

CERTIFICATIONS:

- * Microsoft Certified: Azure AI Fundamentals (AI-900)

- * Google Data Analytics Professional Certificate

SOFT SKILLS:

- *Problem Solving

- *Communication

- *Team Collaboration

- *Time Management

LANGUAGES:

English, Hindi
